Math 2210
Exams and Grading

Quizzes : A quiz is a 20-40 minute exam. There will be a quiz at the beginning of class on the following dates: **Tuesday, Sept. 15, Thursday, Sept. 24, Tuesday, Oct. 13, Tuesday, Oct. 27, Tuesday, Nov. 10 and Thursday, Dec. 3.**
There will be no make-ups.

Exams : The final exam will be the only long exam of the semester and will cover all the material of the course. The final exam is tentatively scheduled to take place on **Friday, Dec. 18 1--3.**

Grading : The lowest quiz grade will be dropped. The final will be worth anywhere from 30%--50%. This flexibility in the make-up of final grades allows students the opportunity to demonstrate a mastery of the material.
